Education

VIT Bhopal University, Bhopal

B.Tech in Computer Science and Engineering (**CGPA: 8.63**)

Oct 2022 – Jun 2026

K. D. Ambani Reliance Foundation School

Class 12 Percentage (CBSE): 74.8%

Class 10 Percentage (CBSE): 91.2%

May 2020 – May 2022

Work Experience

Jio Platforms Limited

Software Development Engineer Intern

Oct 2024 – Dec 2024

Mumbai

- Developed and optimized front-end modules using **React.js, TypeScript, and Redux**, enhancing application scalability and maintainability.
- Enhanced API efficiency by applying **lazy loading, memoization, and code-splitting**, resulting in improved load performance.
- Collaborated with backend teams to architect and integrate **RESTful APIs** using **Node.js** and **Express.js**, ensuring seamless data communication.
- Introduced a **component-driven architecture** and reusable UI framework, standardizing design consistency and reducing development overhead.

Technical Skills

Languages: Java, JavaScript, TypeScript, Python

DevTools: Docker, Postman, VSCode, GitHub

Backend: Node.js, Express.js

Databases: MongoDB, PostgreSQL

Frontend: React, Next.js, TailwindCSS, HTML, CSS

Projects

eVentIT — Event Management Platform with In-house Video Meetings

GitHub

- Engineered a full-stack event management platform with **real-time video meetings and chat** using WebRTC and Socket.io.
- Integrated **role-based access control (RBAC)** and **JWT authentication**, ensuring secure and tiered user permissions.
- Designed scalable **MongoDB schemas** for managing event metadata and user participation, enabling efficient data retrieval.
- Developed a **responsive, modular interface** using React and TailwindCSS for a cohesive cross-device user experience.

ELearning (LMS) — Learning Management System for Online Courses

GitHub

- Architected a **Next.js + MERN-based LMS** with server-side rendering to enhance SEO and page responsiveness.
- Integrated **Redis caching** to accelerate API response time and reduce redundant database queries.
- Developed **course creation, media playback, and discussion modules** to support interactive and structured learning.
- Implemented **RESTful APIs** following the MVC architecture for maintainable and modular backend services.

Achievements

- Solved 300+ algorithmic problems on LeetCode and GeeksforGeeks, building strong proficiency in data structures and algorithms.
- Ranked in the top percentile (79%) among 23,872 participants in a Cloud Computing certification from NPTEL (IIT Kharagpur).
- Achieved a **1560 rating in LeetCode contests (Top 30%)**, reflecting strong analytical thinking and algorithmic proficiency.

Position of Responsibility

BashCraft Club, VIT Bhopal University

Aug 2024 – Jan 2025

Tech Co-Lead

- Led planning and execution of large-scale technical events, including ideathons with 300+ participants, fostering innovation and collaboration.

Certifications

- Introduction to Front-End Development
